

be.tex® Green Valuetex FR

Art.No. 4434-XXXX-Recy

Description

The Yarn that is used for be.tex® green Valuetex FR is sustainably produced out of recycled plastic bottles. The fabric is soft, crease free and opaque. By using the be.tex® green Valuetex FR material, you make a valuable contribution for environment protection. Important: Run a print test! Many factors influence the textile during printing and application. All technical data were determined according to the current state of measurement technology and reflect the values of the measurement sample. Despite the highest quality standards, there may be production deviations – all information are legally non-binding and without guarantee.

Pictogramme

Fire retardant DIN EN 13501-1 (B-s1d0)
Oeko-Tex
Cold Cut
Color-Boosting
Perfect fit - printable with sublimation ink
Perfect fit - Sub Paper printable with transferpaper

Features
