and ICC profiles

Imageperfect 2593 Ultraclear is an optically clear film that is specially engineered for applications on windows, glass panels and mirrors. It can also be used as a laminate for one way vision films.

## Specifications

Finish	Clear Gloss
Durability (unprinted)	5 years
Roll Width	137.2m / 160cm
Roll Length	45.72m
Adhesive	Solvent based acrylic, semi-permanent
Release Liner	Polyester, 80micron
Ink Compatibility	UV, Latex and Eco-Solvent
Recommended Laminates	IP 2593 Ultraclear

## Features

- High level of optical clarity
- 80micron Polymeric Film with a Polyester liner
- Printable with UV, Latex and Eco-Solvent
- FR classification: B1

## Benefits

- Easy to install due to the inherent body of the film
- Can be Wet-Applied, due to the solvent-based adhesive
- Semi-Permanent Adhesive (10N) technology makes the product repositionable and easily removable
- Vibrant, great-looking print results on all ink systems

## Applications

- Windows, glass panels and mirrors
- Indoor and outdoor branding and advertising
- Interior design and décor
- Lamination for one-way-vision film
